Handbook Purpose

The purpose of this handbook is to make rules, consequences, procedures, and policies as clear as possible. It is impossible to anticipate all consequences that may be necessary. Therefore, the principal will make exceptions to rules when justice so requires.

Policy Statement

If a situation occurs in which this handbook is in conflict with any RSU/MSAD 54 School Board of Directors Policy, it is understood that policies will always govern.

Reservation Clause

The principal and/or superintendent have the right to change the terms of this handbook at any time without notice.

MSAD #54 Mission Statement

Each member of the MSAD 54 community will create a caring and safe environment which will encourage every student to strive to achieve high academic standards, develop character, be a life-long learner and be a responsible, contributing member of society.

MSAD #54 Vision for our School Community

All individuals in our schools feel safe, welcome and respected for who they are.

MSAD #54 Guiding Beliefs

- Students learn in different ways and in different time frames.
- Students learn best in a trauma informed environment that is welcoming, orderly, accepting and safe.
- Students learn best in a supportive school community where every student feels connected and part of their school.
- Students want to be successful in their learning and have unique interests that heighten their motivation for learning.
- Student learning styles differ, and learners demonstrate their intelligence in many different ways.
- Habits of work are essential and should be taught, fostered, and acknowledged, as well as assessed separately from academic progress and achievement.
- Learning is a shared responsibility and requires a commitment among the student, teacher, parent and community.
- Learning is enhanced when teachers collaborate within and across disciplines.
- Learning is enhanced when connected to real world contexts and challenges.
- Learning is enhanced with frequent feedback specific to a clearly articulated learning goal.
- Learning is enhanced when students are encouraged to take risks, understanding that mistakes are inherent in the learning process.
- Learning is enhanced with timely interventions and multiple opportunities to demonstrate proficiency.

Attendance

The administration and staff recognize our duty to provide a proper education for the children of the community. The term “education” encompasses more than performance on examinations and other evidence of learning. A proper education includes attending and participating in classes. Learning experiences which take place in the classroom are essential components of the educational process. Only by being present in the classroom can students take advantage of the intangible benefits of a public education, such as group interaction with teachers and fellow students, participation in discussion, instruction and other related learning experiences. Class attendance is one of the important factors contributing to academic achievement for all learners.

Attendance is compulsory for every child between his/her 6th and 17th birthdays. A person 5 years of age or older and under 6 years of age who is enrolled in and who has not withdrawn from a public day school is required to attend that school during the time it is in session. Frequent absences disrupt the continuity of a student’s educational program. Students who fail to attend school without legitimate cause may be considered truant. In accordance with Title 20-A-5001-A-4, a child’s absence may be excused for the following reasons:

1. Personal illness;
2. An appointment with a health professional that must be made during the regular school day;
3. Observance of a recognized religious holiday when the observance is required during the regular school day;
4. A family emergency; or
5. A planned absence for a personal or educational purpose which has been approved.

Absence, Tardy and Dismissal Procedures

State law requires that a child must reach five on or before October 15th to be eligible for kindergarten. When a child aged five (5) or older enrolls in school, they are subject to all attendance requirements and procedures. It also requires that all children between the ages of six (6) and 17 shall attend day school during the time when school is in session and an absence of one-half day or more shall be deemed a violation of this requirement.

Absences

Parents are requested to notify the school between 8:00-9:00 AM, in the event your child must be absent from school.. All offices will be equipped with voicemail for your convenience. If you do not notify the school, an automated call will be made to notify you that your child is absent and remind you to call and let us know. Staff will make every effort to contact parents at home or at work to verify all unexplained student absences. **All pupils who are absent from school for any reason are requested to provide the appropriate school with a note indicating the date of absence, the reason for the absence, and the signature of the parent or guardian. This note should be brought in upon return to school.**

Though family vacations during the school week are discouraged, if parents choose to take a student on vacation during school time, they should consult with the teacher and the principal about the required work and make arrangements for the students to make up work.

Tardy

Students who arrive after 8:15 AM will be considered tardy. Parents are requested to bring the student to the office and sign them in.

Dismissal

Students may be dismissed earlier than 2:15 PM in cases of emergency and/or at the request of parents for scheduled appointments. If you wish to have your child dismissed, please check in with the school secretary. Before a child leaves the school, the person taking the child will need to sign him or her out in the office. For more details on dismissal policy please refer to the Dismissal section of the handbook.

Attendance Truancy and Chronic Absenteeism

A student is habitually truant if he/she is required to attend school or alternative instruction under Maine compulsory attendance law (20-A M.R.S.A. § 5001-A) and he/she:

A. Has completed grade 6 and has the equivalent of 10 full days of unexcused absences or 7 consecutive school days of unexcused absences during a school year; or

B. Is at least 6 years of age and has not completed grade 6 and has the equivalent of 7 full days of unexcused absences or 5 consecutive school days of unexcused absences during a school year.

Frequent communication between school and the family will occur to attempt to correct the problem. If the situation cannot be resolved informally, through meetings with families and plans, the situation will be referred to the Department of Health and Human Services, and possibly law enforcement.

Chronic Absenteeism: Each school must report the data to the Maine DOE around chronic absenteeism. This is defined as being absent 10% or more of the total days your child is enrolled in school each year. This includes both excused and unexcused absences. We are working hard to support children and their families to attend school daily.

If you are struggling with supporting your child attending school regularly, please contact your child's principal.

Bullying and Cyberbullying

The Board believes that bullying, including cyber bullying, is detrimental to student well-being and to student learning and achievement. It interferes with the mission of the schools to educate their students and disrupts the operations of the schools. Bullying affects not only students who are targets but also those who participate in and witness such behavior.

Prohibited Behavior

Bullying, cyberbullying, harassment, sexual harassment, retaliation and false accusation of bullying is not acceptable conduct in MSAD 54 and is prohibited. Retaliation for the reporting of incidents of such behavior is also prohibited.

Any person who engages in any of these prohibited behaviors that constitutes bullying shall be subject to appropriate disciplinary actions.

Definition of Bullying

“Bullying” and “cyberbullying” have the same meaning in this policy as in Maine law:

Bullying

“Bullying” includes, but is not limited to a written, oral or electronic expression or a physical act or gesture or any combination thereof directed at a student or students that:

- A. Has, or a reasonable person would expect it to have, the effect of:
 - 1. Physically harming a student or damaging a student’s property; or
 - 2. Placing a student in reasonable fear of physical harm or damage to his/her property; and
- B. Interferes with the rights of a student by:
 - 1. Creating an intimidating or hostile educational environment for the student; or
 - 2. Interfering with the student’s academic performance or ability to participate in or benefit from the services, activities or privileges provided by the school; or
- C. Is based on:
 - a. A student’s actual or perceived characteristics identified in 5 MRSA § 4602 or 4684-A (including race; color; ancestry; national origin; sex; sexual orientation; gender identity or expression; religion; physical or mental disability) or other distinguishing personal characteristics (such as socioeconomic status; age; physical appearance; weight; or family status); or
 - b. A student’s association with a person with one or more of these actual or perceived characteristics or any other distinguishing characteristics; and that has the effect described in subparagraph A. or B. above.

Cyberbullying

“Cyberbullying” means bullying through the use of technology or any electronic communication, including but not limited to, a transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted by the use of any electronic device including, but not limited to, a computer, telephone, cellular telephone, text messaging device or personal digital assistant.

Application of Policy

This policy applies to bullying that:

- A. Takes place at school or on school grounds, at any school-sponsored or school-related activity or event or while students are being transported to or from school or school-sponsored activities or events; or
- B. Takes place elsewhere or through the use of technology, but only if the bullying also infringes on the rights of the student at school as set forth in the definition of “bullying.”

Interim Measures

The building principal may take such interim measures as he/she deems appropriate to ensure the safety of the targeted student and prevent further bullying and will inform the parents of the targeted student of measures taken within the confines of FERPA considerations.

Consequences for Policy Violations Students

Any students, employees, contractors, visitors or volunteers who violate this policy may be subject to disciplinary action which may include suspension, expulsion or a series of graduated consequences including alternative discipline. In determining the appropriate response to students who engage in bullying behavior, school administrators should consider the type of behaviors, the frequency and/or pattern of behaviors, and other relevant circumstances.

Delegation of Responsibility

The Superintendent will designate the school principal and/or other school personnel to be responsible for implementation/enforcement of this policy and associated procedures on the school level. The Superintendent/designee will be responsible for developing and implementing procedures in accordance with applicable law to implement this policy.

You may refer to MSAD#54 policy **JICK** to read the entire policy.

https://www.msad54.org/sites/default/files/JICK_0.pdf

Cell Phones and Usage

The school recognizes that many students possess cellular telephones and other electronic devices. These devices may not be used at school and/or during school activities in any manner that disrupts the educational process. Students who bring cellphones to school must leave them turned off and in backpacks or lockers for the entire school day. If a parent needs to contact a child during the school day, please call the main office and the secretary will assist with this.

You may refer to MSAD#54 policy **JFCK** to read the entire policy.

https://www.msad54.org/sites/default/files/JFCK_1.pdf

Communicating Educational Concerns

From time-to-time parents have concerns which they need to have addressed. The following procedure should be followed:

1. Meet with your child's teacher and explain your concern.
2. If your concern has not been resolved to your satisfaction, make an appointment to discuss it with the principal.
3. If a next step is needed, make an appointment with the Assistant Superintendent or Superintendent.

Curriculum Information

Specific information about all district curriculums is available from your child's teacher and/or principal. In addition, all curriculums are available on the district website at

<https://sites.google.com/msad54.org/msad54-curriculum-resources/curriculum-documents?authuser=0>

Custodial and Noncustodial Parent Rights and Responsibilities

When parents of a student are separated, involved in divorce proceedings, or are divorced, the building principal will respect the rights of the custodial and noncustodial parents equally, except when a court order exists concerning special restrictions. It is the responsibility of the custodial parent to provide the school with a copy of such a court order if restricted access to students or student information is requested.

You may refer to MSAD#54 policy **KBBA** to read the entire policy.

<https://www.msad54.org/sites/default/files/KBBA.pdf>

Dismissal

Students will be released only to parents, legal guardians, and other persons specifically authorized in writing by the parents/legal guardians. The school will not release a child to someone who is not on the emergency card or without a written note or a phone call from parent/guardian. A custodial parent/guardian who wishes the school to comply with provisions of a court order to restrict access to a child is responsible for providing a certified copy of such order to the school.

For safety reasons, if your child is to go home in a way that is different from routine, such as with another child or on a different bus, please send in a note to the office which will inform the appropriate bus driver. This request must be made in the form of a written permission note signed by the parent or guardian. Without notification, we will send the child home in the usual way.

Please make necessary arrangements early in the day to ensure that the student has been notified where he or she will be going after school.

You may refer to MSAD#54 policy **JLIB** to read the entire policy.

<https://www.msad54.org/sites/default/files/JLIB.pdf>

Dressing for School

Students will not wear clothing that can be hazardous to them or interfere with their school activities. School officials have the right to regulate student dress that is disruptive, aggressive, offensive, or inappropriate to reasonable school decorum and safety. Articles of clothing that contain lewd, obscene, or patently offensive messages or which advertise substances that are inappropriate for student use are not allowed. Parents are asked to enforce the dress code (see attached) before students come to school. This is a PreK-6 school and we would like to promote a positive learning environment.

Emergency & Evacuation Procedures

The Emergency Guide is a pre-formulated plan to deal immediately and effectively with unanticipated emergency situations. When disaster strikes, the school Principal, staff, as well as the Superintendent's Office, need to be prepared to think quickly.

To protect students and staff from harm our procedures:

- Clearly identify evacuation procedures and sites
- Coordinate with police, fire, and emergency authorities in each town
- Establish an effective communications system

Schools will make every effort to prepare for emergencies. It must be recognized that many of these situations are sudden and unpredictable, and no plan can adequately prepare for every eventuality. At all times a calm concern for the students' safety will prevail.

Public safety agencies such as the Somerset County Sheriff's Office, the Emergency Management local official, and the Volunteer Fire Departments are partners in this emergency management plan. As such, they will be made aware of all changes to guidelines, and their procedures are a part of the plan.

Field Trips

Field trips are a valuable educational experience. To ensure that all students will be able to take part in them, parents will be notified in advance of all field trips. Written permission must be given by parent/guardian before a child can participate.

You may refer to MSAD#54 policy **IJOA** to read the entire policy.

<https://www.msad54.org/sites/default/files/IJOA.pdf>

Harassment and Sexual Harassment

Harassment of students because of race, color, sex, sexual orientation, gender identity, religion, ancestry or national origin, or disability is prohibited. Such conduct is a violation of Board policy and may constitute illegal discrimination under state and federal laws.

School employees, fellow students, volunteers, visitors to the schools, and other persons with whom students may interact in order to pursue or engage in education programs and activities, are required to refrain from such conduct.

Harassment and sexual harassment of students by school employees is considered grounds for disciplinary action, up to and including discharge. Harassment and sexual harassment of students by other students is considered grounds for disciplinary action, up to and including expulsion. The Superintendent will determine appropriate sanctions for harassment of students by persons other than school employees and students.

All school employees are required to report possible incidents of harassment or sexual harassment involving students to the Affirmative Action Officer/Title IX Coordinator. Failure to report such incidents may result in disciplinary action.

Students, parents/legal guardians and other individuals are strongly encouraged to report possible incidents of harassment or sexual harassment involving students to the Affirmative Action Officer/Title IX Coordinator. The Affirmative Action Officer/Title IX Coordinator is also available to answer questions and provide assistance to any individual who is unsure whether harassment or sexual harassment has occurred.

All reports and complaints of harassment or sexual harassment against students shall be addressed through the Student Discrimination/Harassment and Title IX Sexual Harassment Procedures

You may refer to MSAD#54 policy **ACAA** to read the entire policy.

https://www.msad54.org/sites/default/files/ACAA_0.pdf

Hazing

Maine statute defines injurious hazing as “any action or situation, including harassing behavior, that recklessly or intentionally endangers the mental or physical health of any school personnel or a student enrolled in a public school.”

No administrator, faculty member, or other employee of the school unit shall encourage, permit, condone, or tolerate injurious hazing activities. No student, including leaders of students’ organizations, shall plan, encourage, or engage in injurious hazing activities.

Violations of this policy by any person may be subject to disciplinary action which may include but not limited to suspension, expulsion, dismissal, loss of privileges to operate on school property and/or civil or criminal penalties.

You may refer to MSAD#54 policy **ACAD** to read the entire policy.

<https://www.msad54.org/sites/default/files/ACAD%20011122.pdf>

Health Services and Requirements

Please do not send your child to school if she/he is ill. This is to assure the quick recovery of the sick child and to protect other children. A child must be fever-free (without the aid of medication) for 24 hours before returning to school. If a child becomes ill at school or complains of being ill when they are at school the parent will be contacted and the child will be dismissed. **It is very important that you can be contacted in case of emergency. Please keep the office updated with your current phone number, place of work, and people to be contacted if you are unavailable.**

Minor first aid may be given by trained school personnel. For illnesses or more complex injuries parents will be notified and we will follow emergency procedures as outlined on the emergency card.

If a child has symptoms of a communicable disease, that child will be excluded from school until the child has recovered. If the school is concerned about a condition that the child may have, the parent and school nurse will be consulted.

You may refer to MSAD#54 policies **JLC, JLCB, JLCD, JLCDA** to read the entire policies.

Administering Medications to Students

The Board discourages the administration of medication to students during the school day when other options exist, but recognizes that in some instances it may be necessary for a student to have medication administered to him/her while the student is in attendance at school. The school will not deny educational opportunities to students requiring the administration of medication in order to remain in attendance and participate in the educational program pursuant to school policy.

I. Parent/Legal Guardian Written Request

In the event that no alternative exists, the parent/legal guardian may request in writing that medication be administered to the student during the school day. Such written request shall provide for an acknowledgment and agreement that unlicensed personnel may administer the medication as per physician's instructions. In addition, such a request shall indicate that information regarding the student's medication may be shared with appropriate school personnel. Parents may, if they so choose, reveal the reason (diagnosis) for the administration of medication; however, the provision of such information is optional and disclosure shall not be compelled. **The written request must be submitted each year.**

II. Health Care Provider Order

All parental requests must be accompanied by a written order from the student's health care provider substantiating the fact that the administration of a particular medication

during the school day is necessary for the student's health and attendance in school. Such order must include:

- Student's name;
- Name of the medication;
- Dosage;
- Route of administration (e.g. tablets, liquid);
- Time intervals for administration (e.g. every four hours, before meals);
- Special instructions if needed;
- Name and signature of the prescribing health care provider; and
- Parent signature.

III. Insufficient Information and Requests for Licensed Personnel

It is the responsibility of the school nurse to clarify any medication order that he/she believes to be inappropriate or ambiguous. In accordance with Department of Education Rule Chapter 40 2(B), the school nurse may decline to administer a medication if he/she believes such administration would jeopardize the student safety. In this case, the school nurse must notify the parent, the student's health care provider and the school administrator (i.e., building principal or designated administrator).

IV. Miscellaneous Provisions

- A. The student's parents shall deliver any medication to be administered by school personnel to the school in its original container and properly labeled. In the event that this is not practical the parent must contact the school to make alternate arrangements.
- B. No more than a 20-day (one month) supply of medication shall be kept at school, excluding inhalers and epinephrine auto injectors. The parent is responsible for the replenishment of medication kept at school. The parent is responsible for notifying the school of any changes in or discontinuation of a prescribed medication that is being administered to the student at school.
- C. All medication will be appropriately maintained and secured by the designated school official.
- D. School staff administering the medication shall document each instance medication is administered including the date, time and dosage given.
- E. The designated school official shall maintain a record including the physician and parent/legal guardian request, details of the specific medication(s), dosage and timing of medication and a notation of each instance of administration of medication.
- F. Any changes to the following shall require new written requests/orders as applicable:

1. Information on original physician's written order;
 2. Health care provider(s);
 3. Any unique procedures for the administration of medication;
 4. Condition of the child; and
 5. Any changes in types and dosage.
- G. Students shall not be permitted to carry and self-administer prescription medicine in school except under very special circumstances—as requested and described by the student's physician/medical practitioner/dentist and approved by the school nurse.
- H. To the extent legally permissible, staff members may be provided with information regarding medication and its administration as may be in the student's best interest.
- I. All unlicensed personnel who administer medication must receive training before being authorized to do so.
- J. The principal and school medical personnel will monitor compliance with this policy and administrative procedures.

The Board disclaims any and all responsibility for the diagnosis, prescription of treatment and administration of medication for any student. For purposes of this policy, "medication" shall include all medicine prescribed by a physician/medical practitioner/dentist for a particular student.

You may refer to MSAD#54 policies **JLC**, **JLCB**, **JLCD**, **JLCDA** to read the entire policies.

Immunization of Students

All students attending school, grades K-12, must meet immunization standards as required by state law. Students that do not meet legal standards as established by the Maine Board of Immunization and by Maine State Law, shall not be permitted to attend school unless they provide a health care providers note indicating they have a plan to catch-up on immunizations.

The Superintendent/designee is directed to develop such administrative procedures as are necessary to carry out this policy and comply with statutory requirements. If you have questions regarding your child's immunizations please contact the school nurse.

Items brought to school

Children frequently would like to bring things to school to play with at recess or to share with their friends. Even with the best of intentions, things sometimes get lost or broken. Please be aware of this before any “special treasures” are brought to school.

There are some items that are not allowed at school: any type of weapon or item that could be used as a weapon, matches, lighters, caps, and toys that shoot things out of them. If an item is brought that could be dangerous, it will be kept in the school office and the parents will have to pick it up. When in doubt about the appropriateness of an item your child wishes to bring, check with the classroom teacher.

Lost & Found

Lost and found is where items such as clothing, backpacks, and other assorted items that your child has misplaced can be located. To prevent items from being lost please label your child’s belongings with their first and last name. Please check the lost and found often to retrieve lost items. After a period of time, all unclaimed items will be removed from the building.

Nondiscrimination/Equal Educational Opportunities/Affirmative Action

The RSU 54/MSAD 54 Board is committed to maintaining a workplace and learning environment that is free from illegal discrimination and harassment. RSU 54/MSAD 54 does not discriminate on the basis of sex or other protected categories in its education programs and activities, as required by federal and state laws/regulations.

Discrimination against and harassment of school employees because of race, color, sex, sexual orientation, gender identity, religion, ancestry or national origin, age, disability or genetic information are prohibited.

Discrimination against and harassment of students because of race, color, sex, sexual orientation, gender identity, religion, ancestry or national origin, or disability are prohibited.

The Board directs the school administration to implement a continuing program designed to prevent discrimination against all applicants, employees, students and other individuals having access rights to school premises and activities.

RSU 54/MSAD 54 has designated and authorized an Affirmative Action Officer/Title IX Coordinator who is responsible for ensuring compliance with all federal and state requirements relating to nondiscrimination, including sexual harassment. The Affirmative Action Officer/Title IX Coordinator is a person with direct access to the Superintendent.

RSU 54/MSAD 54 has implemented complaint procedures for resolving complaints of discrimination/harassment and sexual harassment under this policy. RSU 54/MSAD 54 provides required notices of these complaint procedures and how they can be accessed, as well as the school unit's compliance with federal and state civil rights laws and regulations to all applicants for employment, employees, students, parents and other interested parties.

Progress Reports/Parent-Teacher Conferences

Written progress reports are provided at the closing of each trimester to allow parents to follow and understand the progress of their child. It is expected that parents will meet with their child's teacher for a parent-teacher conference. Conferences will be held at the end of the first trimester. First trimester progress reports will be distributed at your parent-teacher conference. Parents can also request a teacher conference at any time during the year.

Recess

Recess is a part of the elementary school program. It is the time set aside for children to develop social and physical skills in a semi-structured setting. Whenever possible the children go outside for all or a portion of the recess time. Factors such as temperature, wind chill, and rain are considered before a decision for outside recess is made. The students will remain inside if the temperature is below 10 degree Fahrenheit in conjunction with the wind chill factor. We ask that students dress appropriately for the weather conditions. Science conditions in Maine can vary throughout the day, children may need to wear layers especially in the fall and spring. **If providing proper outerwear is not possible, please contact the school. Any child not well enough to go out to recess should remain at home unless the child's physician has provided the school with a written note that they should remain inside at recess time.**

School Nutrition Program

MSAD 54 offers breakfast and lunch to all students AT NO COST for the 2022-2023 school year as part of the Community Eligibility Provision. However, MSAD 54 still needs to collect economic information which directly impacts Federal & State funding the district receives to provide education for our students. Collection of this income data is necessary for many different funding sources, and failure to provide this information may have a negative impact on the school budget. Please complete the “**2022-2023 Economic Status Form**,” and return it to your school so we can continue receiving funding to support the education of our students. This information is CONFIDENTIAL and treated as such. High participation in the meal program by our students is required to ensure the continuation of the free meal program. If you have any questions or concerns, please contact Jana Wacome, School Nutrition Director via email at jwacome@msad54.org

School System Commitment To Standards for Ethical and Responsible Behavior

The School Board believes that promoting ethical and responsible behavior is an essential part of MSAD 54’s educational mission. The Board recognizes that ethics, constructive attitudes, responsible behavior, and “character” are important if a student is to leave school as a “responsible and involved citizen,” as described in the Guiding Principles of the Maine Learning Results. The Board also recognizes the importance of the adoption of a district-wide student code of conduct which is consistent with statewide standards for ethical and responsible behavior.

The Board seeks to create and maintain a school climate in which ethical and responsible behavior can flourish. The Board believes that instilling a sense of ethics and responsibility in students requires setting positive expectations for student behavior as well as establishing disciplinary consequences for behavior that violates Board policy or school rules. Further, the Board believes that in order to teach ethical and responsible behavior, adults who interact with students must strive to model and reinforce ethical and responsible behavior. To that end, the Board supports an active partnership between schools and parents.

Following the identification of core values, the Board, with input from administrators, staff, parents, students, and members of the community, will adopt a Student Code of Conduct consistent with statewide standards for student behavior as required by law.

When revising the prescribed consequences for violation of the Student Code of Conduct, the Board shall consider (evaluate and revise, as deemed necessary or desirable) relevant existing district-wide school disciplinary policies and/or consider adoption of new policies.

Technology

MSAD 54 provides computers, networks and Internet access to support the educational mission of the schools and to enhance the curriculum and learning opportunities for students and school staff. MSAD 54 believes that the resources available through the Internet are of significant value in the learning process and preparing students for future success. At the same time, the unregulated availability of information and communication on the Internet requires that schools establish reasonable controls for lawful, efficient and appropriate use of this technology.

All MSAD 54 computers remain under the control, custody and supervision of the District. The District reserves the right to monitor all computer and Internet activity by students. Students should not have expectations of privacy in their use of school computers.

Title I Program

Title I is supplemental instruction provided in addition to the regular classroom instruction. The goal of this program is to develop self-reliant, independent, problem solvers in reading and math. Student selection is based on assessment data and teacher recommendations.

All schools which receive Federal Title I funds for programming are required to have school compacts. A copy of our compact can be found in the back of the handbook.

Transportation

Transportation is provided to all students. Bus routes are determined by the Business Administrator. Specific bus routes, bus numbers, drivers and estimated pick-up times are printed in the local newspaper prior to the opening of school in August. Bus transportation is a privilege for students. Parents and teachers can help with bus safety by reinforcing bus rules. These rules are given to every student by their driver during the first week of school. A school bus is an extension of school and the school day. School rules apply to the school bus. **Students who have changes in their daily routine for going home require a note that clearly indicates the child's name, the date the change is necessary, and a parent's signature.**

Visitors

The Board of Directors of MSAD#54 encourages the active interest and involvement of parents and citizens in the public schools. In order to avoid interruption of the instructional program and to promote the safety of students and staff, building principals shall institute administrative procedures concerning visitors to the schools. It is understood that procedures may vary from

school to school due to differing considerations such as age of the students and building layout and location.

For the safety and protection of our students, all visitors to our building must buzz in at the side entrance and check in at the office. Visitors will be required to sign in upon arrival and sign out when leaving the building. While in the building you will be asked to wear a visitors pass. Please remember to call ahead to schedule a visit.
