CLASSROOM NEWS

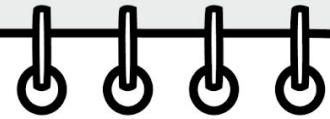

Reading: We are in the middle of a Jan Brett author study. We are enjoying comparing the stories and noticing her amazing illustrations.

Writing: Students are writing a personal narrative. These are real stories of things they have done. I am looking forward to their completed stories.

Math: Unit 4 is all about relating multiplication and division. It is necessary that students continue to memorize their multiplication facts. We will be moving into fractions next, which also uses multiplication facts.

Science: Students are learning about the life cycles of plants and animals.

Social Studies: Maps

EVENTS

- NWEA testing - 1/13, 1/14, 1/15, 1/22
- Jan. 20- No School
- Jan. 29- Early Release

TO-DO

These are the multiplication facts your student needs to be practicing:

REMINDERS

Practicing math facts at home for 10 minutes a day will help your student become a better math thinker for the rest of their educational career. Please dedicate 10 minutes a day to play a game or using flashcards. They should practice addition, subtraction, and multiplication throughout the week.
