## UPCOMING EVENTS:

- April 29th-May 3rd Book Fair (Our class is visiting the bookfair on 4/30)
- May 1st Fine Arts Night 6-7pm
- May 8th Early Release
- May 15th & 16th NWEA Testing
- May 17th Salmon Release field trip
- May 24th Planetarium
- May 27th Memorial Day-No School

## OUR LEARNING SNAPSHOT:

### LITERACY:

- Students just finished writing an opinion paper. It was so fun to listen to them debate about whose opinion was "right."

### MATH:

- We are about to finish our measurement and telling time unit. Students are expected to be able to read an analog clock to the minute.

### SCIENCE:

- We are finishing our weather unit, and looking at climates around the world.

### SOCIAL STUDIES:

- Next week we are starting to learn about the purpose of the government and different

branches.

## NOTES:

I have attached an informational letter and permission slip for the Salmon release field trip. Families are welcome to join, assuming you have done a background check. Please complete the slip and return to school. This is going to be a very exciting day in 3rd grade!!

## PRACTICE @ HOME:

*The goal for the end of the year is that all 3rd graders know their multiplication facts fluently. Many are not quite there yet, please continue to practice at home.*
