## UPCOMING EVENTS:

- 4/2 Dr. Drew is coming to school with his animals
- 4/3 Early Release
- 4/15 vacation week
- 4/29 Bookfair Week
- 5/1 Fine Arts night at school 6-7pm
- Date is TBA but we will be going over to the site of the new school to sign a beam, since your children will be going there when it opens.

## OUR LEARNING SNAPSHOT:

### LITERACY:

- The students just finished researching different Arctic animals. They did a wonderful job learning and presenting to their peers.

### MATH:

- We finished fractions last week. They did a fantastic job. We are moving into measurement of length, mass, volume and time.

### SOCIAL STUDIES:

- A couple of weeks ago we finished our Geography lapbook. The kids are keeping them here at school as a resource, but ask them what they learned about continents and oceans.

## NOTES:

- We need tissues for our classroom. If anyone would like to donate some we would really appreciate it. The school issued tissues are very rough.
- Please encourage your children to complete the reading logs to earn a bike.

## SALMON UPDATE

*Our eggs are moving quite a bit and starting to look less vibrant. Those are some clues that they are getting ready to hatch soon. Keep any eye on the Facebook page for updates and pictures.*
